Flat no. 104 Raman Villa ,
Shyam Nagar, Kanpur
INDIA -208012

My Background

I am an undergraduate student pursuing B.tech in Computer Science with specialization in AI and ML, from VIT Bhopal University. I have innate problem solving skills and am intrigued by those which I cannot and a great interest in seeking out experiences that will allow me to learn from others.

My Interests

- Open Source Community
- Machine Learning
- Artificial Intelligence
- Data Science
- Teaching

Certifications and Accomplishments

- Published paper on Breast Cancer Analysis and Prediction using ML
DOI:10.35940/ijeat.B1968.1210220
- Machine Learning -TATA STEEL
- IBM - Python 101 for Data Science-
Cognitive Class
- Calculus and Optimization for
Machine Learning- *Coursera*
- Django and Python Development -
Eduonix

Education

Vellore Institute of Technology Bhopal University

Pursuing Bachelors in Computer Science
with specialization in AI and ML

2019 - Present

Archies Higher Secondary School|CBSE

Completed my 10th and 12th in PCM with
Computer Science

2007-2019

Work Experience

Machine Learning Developer Intern

Technocolabs | Oct 2020-Nov 2020

Project Lead ,ML Developer Intern

Technocolabs | Nov2020-Dec2020

Skills and Abilities

- Python
- Machine Learning
- Deep Learning
- Data Science
- C/C++
- HTML
- Bootstrap
- Django
- Data Structure and Algorithm

Other Skills

- MS Excel, MS Publishers
- Git/Github
- SQL
